Our Compelling Statement On The Random Killing Of Two Taxi Drivers In Buea, Bomaka Area In SW Region, Cameroon

The independent forum for the defense of human rights and freedom in Cameroon has learned with regret and shock the random execution of two taxi drivers in the Bomaka area by unidentified gun men suspected to be part of the separatist rebels. It is believed the attack took place in the late evening of Monday 17.03.2025 around the Bomaka neighborhood in Buea, SW region of Cameroon. The two drivers whose names we got as simply Jude and Kudi were said to have been shot at close range and they both died at the spot.

It should be noted that this barbaric act happen on Monday which is habitually declared in anglophone region in Cameroon since the start of the conflict as "Ghost Town" where all business activities, most government services, inter and intra-urban movements are prohibited by declaration of the separatist fighters.

Since the outbreak of the conflict, Bomaka neighborhood is one of the hottest and most affected area in Buea.

Since we are still picking through what exactly happened and mindful of the ongoing investigations by the forces of law and order, we at infodehrifcam will like to openly condemn this senseless act of violence perpetrated against innocent civilians and use this opportunity to extend our sincere condolences to the affected families and friends.
